**DEED OF SCENIC CONSERVATION EASEMENT
AND AGREEMENT CONCERNING EASEMENT RIGHTS**
(West Side Junge Area)

This Deed of Scenic Conservation Easement and Agreement Concerning Easement Rights (the "Conservation Easement") is granted on this 18th day of FEBRUARY, 2005, by **HEARST HOLDINGS, INC.**, a Delaware corporation ("Grantor"), to **AMERICAN LAND CONSERVANCY**, a California nonprofit public benefit corporation ("Grantee"), hereinafter collectively referred to as the "Parties".

RECITALS

A. Grantor is the sole owner in fee simple of certain real property consisting of approximately Eighty-One Thousand Seven Hundred Seventy-Seven (81,777) acres, located in San Luis Obispo County, California, described in the aggregate in "Exhibit A" and "Exhibit B" attached hereto and incorporated herein by this reference (the "Ranch"). Grantor desires to grant to Grantee a conservation easement over that portion of the Ranch located on the west side of State Route 1 ("Highway 1" or "State Route 1"), as more particularly described in "Exhibit A" attached hereto and incorporated herein by this reference (the "West Side Junge Easement Area"). Grantor intends that this Conservation Easement shall constitute an Easement in Gross for Grantee and shall also constitute covenants running with the land for the benefit of the property described in "Exhibit B" (the "Adjacent Property"). A map depicting the location of the West Side Junge Easement Area is attached hereto as "Exhibit C" and incorporated herein by this reference. The West Side Junge Easement Area consists of approximately One Hundred Seventeen (117) acres of land, together with any improvements located within the West Side Junge Easement Area.

B. Grantee is a "qualified organization" as defined by Section 170(h)(3) of the U.S. Internal Revenue Code and is eligible to hold this Conservation Easement

pursuant to Section 815.3 of the California Civil Code. Grantee is authorized to acquire this Conservation Easement and accept the responsibility of monitoring and enforcing the terms of this Conservation Easement.

C. The segment of Highway 1, within the area subject to this Conservation Easement, is an area of unique scenic value. Views from Highway 1 to the west towards the ocean are considered to be spectacular.

The segment of Highway 1, within the area subject to this Conservation Easement, has been identified by the California Legislature as an element of the State Scenic Highway System pursuant to California Streets and Highways Code section 263.2 (e) and was officially designated, in April of 1999, as a Scenic Highway by Grantee pursuant to California Streets and Highways Code section 262. California Streets and Highways Code section 260 states the policy behind the legislative adoption of a state scenic highway system: "It is the intent of the Legislature in designating certain portions of the state highway system as state scenic highways to establish the State's responsibility for the protection and enhancement of California's natural scenic beauty by identifying those portions of the state highway system which, together with the adjacent scenic corridors, require special scenic conservation treatment."

The segment of Highway 1 within the West Side Junge Easement Area was named a National Scenic Byway and All-American Road by the Federal Highway Administration ("FHWA") on June 13, 2002. This segment of Highway 1 is one of only twenty-one such National Scenic Byways and All-American Roads throughout the United States. FHWA guidance regarding the designation of All-American Roads states: "The road or highway must also be considered a destination unto itself. To be recognized as such, it must provide an exceptional traveling experience that is so recognized by travelers that they would make a drive along the highway a primary reason for their trip. The characteristics associated with the intrinsic qualities are those which best represent the nation and which may contain one-of-a-kind features that do not exist elsewhere. The significance of the features contributing to the distinctive characteristics of the corridor's intrinsic quality are recognized nationally." Federal Register, Volume 60, Number 96, page 26759 (May 18, 1995).

Both the State Scenic Highway designation and the All-American Road designation are due in large part to the spectacular westward ocean views from Highway 1.

Grantor and Grantee desire to maintain the existing scenic values within the viewshed to the west of Highway 1 within the West Side Junge Easement Area. Grantee has determined that acquisition of this Conservation Easement will maintain such scenic values.

D. The grant of this Conservation Easement, including Grantor's exercise of rights retained in the easement, will further the purposes of several governmental conservation policies, including:

Section 815 of the California Civil Code, in which the California Legislature has declared: (1) that "the preservation of land in its natural, scenic, agricultural, historical, forested, or open-space condition is among the most important environmental assets of California"; and (2) that it is "in the public interest of this state to encourage the voluntary conveyance of conservation easements to qualified nonprofit organizations";

Section 51220 of the California Government Code, in which the California Legislature has declared that (1) "in a rapidly urbanizing society agricultural lands have a definite public value as open space, and the preservation in agricultural production of such lands . . . constitutes an important physical, social, esthetic, and economic asset to existing or pending urban or metropolitan developments"; and (2) "land within a scenic highway corridor or wildlife habitat area... has a value to the State because of its scenic beauty and its location adjacent to or within view of a State scenic highway or because it is of great importance as habitat for wildlife and contributes to the preservation or enhancement thereof";

Section 30251 of the California Public Resources Code, which provides that the "scenic and visual qualities of coastal areas shall be considered and protected as a resource of public importance";

The San Luis Obispo County Board of Supervisors endorsement resolution, dated January 7, 2003, which declares that "Hearst Ranch represents one of the most significant conservation opportunities in the nation—nearly 128 square miles of rugged shorelines, rolling grasslands, craggy peaks and classic California working cattle ranch landscape"; and

The Coastal Plan Policies in the certified San Luis Obispo County Local Coastal Program call for protection of visual and scenic resources, maintaining agricultural land for agricultural production and protecting environmentally sensitive habitats.

E. The West Side Junge Easement Area possesses extraordinary scenic and open space values (collectively, the "Conservation Values") that are of great importance to Grantor, Grantee, the people of the County of San Luis Obispo and the State of California, and visitors from across the United States of America.

F. The Conservation Values of the West Side Junge Easement Area, and its current uses and existing state of improvement, are described in a "Baseline Conditions Report" dated as of the Effective Date, as defined in Section 34, below, consisting of maps, photographs, and other documents, and acknowledged by both Grantor and Grantee to be complete and accurate as of the date of the Effective Date. Both Grantor and Grantee have copies of the Baseline Conditions Report. It will be used by the Grantor and Grantee as a resource tool to evaluate changes in the conditions and uses of the West Side Junge Easement Area in relation to the conditions and uses of the

West Side Junge Easement Area as of the date of this Conservation Easement. This report, however, is not intended to preclude the use of other evidence to establish the condition of the West Side Junge Easement Area as of the date of the conveyance of the Conservation Easement if there is a controversy over its then-existing condition, nor is this report to be used to change or interfere with Grantor's retained rights under the Conservation Easement.

G. This Conservation Easement is being granted in connection with other conservation transactions collectively affecting the entirety of the Ranch. Pursuant to such conservation transactions, immediately following the original grant of this Conservation Easement: (i) Grantee shall assign all of its interest, rights and obligations under this Conservation Easement to the California Department of Transportation; and (ii) Grantor intends to convey fee title to the West Side Junge Easement Area to the California Department of Parks and Recreation. The parties intend that the interests conveyed by this Conservation Easement shall forever remain separate from the fee interests in the encumbered lands, and shall be administered for the public benefits provided by the restrictions imposed under this Conservation Easement, even though the fee interest in the West Side Junge Easement Area may be held and administered by another agency of the State of California.

DEED AND AGREEMENT

In consideration of the recitals set forth above, and of the mutual promises and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Grantor hereby grants and conveys to Grantee, its permitted successors and assigns, and Grantee hereby accepts, a perpetual "conservation easement" as defined by Section 815.1 of the Conservation Easement Act of 1979 (California Civil Code, Section 815 et seq.), of the nature and character of an Easement in Gross as described in this Conservation Easement over the West Side Junge Easement Area, which Conservation Easement shall also constitute covenants running with the land appurtenant to, and for the benefit of, the Adjacent Property in accordance with California Civil Code Section 1468.

1. **Conservation Purpose.** The purpose of this Conservation Easement is to assure that the West Side Junge Easement Area will be preserved to protect the scenic viewshed, as observed from Highway 1 therein, and therefore will be retained forever predominantly in its natural, scenic, historic, agricultural and open space conditions, while allowing public access for outdoor passive recreation and scenic enjoyment, all in accordance with the terms and conditions of this Conservation Easement (the "Conservation Purpose"). Consistent with the requirements set forth in Treasury Regulations §§ 1.170A-14(e)(1)-(2), no use or activity shall be permitted that would impair Conservation Values as protected by this Conservation Purpose. As used in this Conservation Easement, the term "impair Conservation Values" means substantially reduce Conservation Values for more than a transient period.

2. **Prohibited Acts.** Grantor promises that it will not perform, or knowingly allow others to perform, any activity or use on the West Side Junge Easement Area in conflict with the covenants set out in this Conservation Easement. Grantor authorizes Grantee to enforce these covenants. Nothing in this Conservation Easement shall require Grantor to take any action to restore the condition of the West Side Junge Easement Area caused by (i) elements of nature, which include, without limitation, fire, climatic change, flood, storm, earth movement, or natural evolutionary changes in the condition of the West Side Junge Easement Area from that described in the Baseline Conditions Report; (ii) any prudent action taken by Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the West Side Junge Easement Area or to any person resulting from such causes; or (iii) the non-permitted acts of unrelated third parties so long as Grantor has taken reasonable steps to control such acts. Grantor understands and agrees that nothing in this Conservation Easement relieves it of any obligation or restriction in relation to the use of the West Side Junge Easement Area imposed by law, including but not limited to local land use restrictions.

3. **Reserved Use Rights.** Except as otherwise expressly provided in this Conservation Easement, Grantor's uses of the West Side Junge Easement Area shall be limited to the retained use rights described in this Section 3. Parties agree that the use rights as described in this Section 3 are rights appurtenant to fee title ownership of the West Side Junge Easement Area and shall pass to any successor fee title owner of the West Side Junge Easement Area. No use of the West Side Junge Easement Area shall be allowed to impair Conservation Values.

(a) **Grazing.** Grantor retains the right to use the West Side Junge Easement Area for grazing, and to permit others to use the West Side Junge Easement Area for grazing, in accordance with applicable law; *provided*, that such grazing is conducted consistent with: (i) all restrictions expressly set forth in this Conservation Easement, and (ii) the Conservation Purpose.

(b) **Public Access.** Grantor retains the right to allow access to the general public, and the development of a continuous segment of the California Coastal Trail for the purpose of public access; *provided*, such public access conforms with all restrictions expressly set forth in this Conservation Easement ("Public Access"). Public Access shall be restricted as follows: (i) primitive, walk-in campsites, which shall be located outside the viewshed of Highway 1 (the "Permitted Campsites"); and (ii) except as otherwise permitted for Permitted Campsites: (A) access during daytime hours only; (B) noncommercial passive recreational use only; and (C) no fires except use of charcoal or gas camp stoves for cooking purposes in designated areas within the Permitted Campsites.

4. **Public Access.** Nothing contained in this Conservation Easement shall be deemed to be a dedication of any portion of the West Side Junge Easement Area for Public Access.

5. **Buildings, Facilities and Other Structures.** The installation, construction, reconstruction, replacement, operation or maintenance of any building, facility or structure of any type is prohibited throughout the West Side Junge Easement Area except as such is permitted in accordance with the provisions of this Section 5.

(a) **Incidental Ranch Facilities.** "Incidental Ranch Facilities" means fences, squeezes, loading chutes, holding fields, corrals, and water distribution and irrigation facilities, and the utility facilities needed to support other Incidental Ranch Facilities. Incidental Ranch Facilities shall not include any new buildings, except structures of no more than two hundred (200) square feet that are directly related to facilities described in the preceding sentence (such as a small structure to cover an irrigation well and an associated pump). Grantor may repair and replace, with like facilities at their existing locations, and remove Incidental Ranch Facilities existing on the Effective Date, without prior approval from Grantee. Grantor may install, construct, repair and replace Incidental Ranch Facilities not existing on the Effective Date, without prior approval from Grantee; *provided*, that any such repair, replacement or construction of new Incidental Ranch Facilities is reasonably related to the permitted uses and activities in the West Side Junge Easement Area and does not impair Conservation Values.

(b) **Public Access Facilities.** Grantor may construct, or authorize others to construct, segments of the California Coastal Trail and other "Public Access Facilities." The term "Public Access Facilities" shall mean and be limited to new trails (including the California Coastal Trail), improved surface parking, roadway access to said parking, informational kiosks, signage, public restrooms, trash/recycling receptacles, and directly related utilities. Grantor is authorized to construct and maintain trails (including the California Coastal Trail) to facilitate public access throughout the West Side Junge Easement Area. Grantor is authorized to maintain existing roads and to construct new roads in accordance with the provisions of Section 9, below. Grantor is authorized to install signage in accordance with the provisions of Subsection 5(c), below. The following scenic protection criteria shall apply to the siting of all Public Access Facilities *except* trails (including the California Coastal Trail), roads and signage. First, in evaluating the need for such Public Access Facilities in relation to authorized levels of public use of the West Side Junge Easement Area, Grantor shall take into account the availability of offsite parking and public restroom facilities located adjacent to or proximate to the West Side Junge Easement Area. Next, to the maximum extent feasible, Grantor shall site all such Public Access Facilities utilizing only existing topography to completely screen the Public Access Facilities from the viewshed of State Route 1. Next, to the extent that viewshed protection utilizing only existing topography for screening is not feasible, Grantor may utilize vegetation and/or grading to completely screen such Public Access Facilities from the viewshed of State Route 1; *provided*, that such screening shall not be allowed to block views of the ocean from State Route 1. Next, Grantor shall confine the number of points of access to the West Side Junge Easement Area to not more than the number calculated in accordance with San Luis Obispo County Coastal Zone Land Use Ordinance Section 23.04.420(d)(1)(ii) (as such Ordinance provides on the Effective Date), which specifies

one vertical accessway for each mile of coastal frontage; *provided*, the parking facilities adjacent to the West Side Junge Easement Area in existence as of the Effective Date, as shown on the Baseline Conditions Report, shall be counted as points of access in this calculation, so long as such facilities remain available for such use. In the event, Grantee, in consultation with Grantor, determines that any of these existing parking facilities cannot be incorporated into the Public Access Facilities by Grantor or connected with the California Coastal Trail through improvements by Grantor such parking facilities shall not be counted in this calculation. Subject to the other preceding viewshed protection criteria, Grantor may request an increase in such authorized number of points of public access to the West Side Junge Easement Area upon demonstrating to Grantee the need for such increase in relation to public use of the West Side Junge Easement Area. The proposed siting of all Public Access Facilities that are subject to the preceding viewshed criteria shall also be subject to Grantee's prior review and written determination of consistency with this Conservation Easement. Such review and written determination shall be completed no later than ninety (90) days after Grantor provides Grantee with a complete proposal for the siting of Public Facilities, which must include adequate information for Grantee to make an informed determination as to the consistency of the proposed Public Access Facilities with this Conservation Easement. Grantee shall notify Grantor in writing within thirty (30) days of receiving any such proposal if any additional information is required to make an informed determination of consistency, in which event the ninety-day period shall commence upon provision of such additional information by Grantor. If Grantee determines that the proposed siting of any Public Access Facilities is inconsistent with this Conservation Easement, Grantee shall specify in writing the reasons for that determination, which shall be reasonable and related directly to the Conservation Purposes of this Conservation Easement. In the event that, within ninety (90) days of Grantee's receipt of a proposal for the siting of Public Facilities, Grantee does not provide a written determination that the proposed Public Access Facilities are inconsistent with this Conservation Easement, Grantee shall be deemed to have determined that the siting of the proposed Public Access Facilities is consistent with the Conservation Easement. No structures other than Public Access Facilities shall be allowed pursuant to this Subsection 5(b); by way of example and not by way of limitation, no buildings for residential or commercial uses shall be allowed pursuant to this Section 5(b). The parties intend to engage in early and cooperative consultations in connection with the development and review of any proposal by Grantor for the siting of Public Access Facilities, to avoid unnecessary delays in Grantee's determination as to the consistency of the proposal with this Conservation Easement.

(c) Signs. Signs used to protect public safety, to control unauthorized entry or uses, to protect natural and cultural resources, to designate the location of trails (including the California Coastal Trail) and of Public Access Facilities, are permitted; *provided*, that the locations, designs and sizes of all such signs shall comply with the standard criteria of the California Department of Parks and Recreation for such signs in coastal State Parks.

6. **Subdivision.** Grantor retains the right to create a separate legal parcel corresponding to the West Side Junge Easement Area for the purpose of conveying fee ownership of that parcel to the Department of Parks and Recreation, State of California, subject to this Conservation Easement. Except as otherwise provided in the preceding provision of this Section 6, Grantor shall not separately sell, transfer or subdivide any portion of the West Side Junge Easement Area.

7. **Development Rights.** Grantor hereby grants to Grantee all development rights, except development retained rights reserved to Grantor herein, that are now or hereafter allocated to, implied, reserved or inherent in the West Side Junge Easement Area, and the Parties agree that such development rights are terminated and extinguished.

8. **Mining.** Exploration for, or the removal or extraction of, any mineral or non-mineral substance by any surface or subsurface mining or extraction method conducted within the West Side Junge Easement Area is prohibited.

9. **Road Construction.** Any road existing on the Effective Date and any new road approved and constructed as hereinafter provided, may be maintained and rebuilt in an unpaved condition, using natural-appearing materials compatible with the surrounding native landscape, on the original alignment at Grantor's discretion without having to seek permission from Grantee. Existing roads are shown in the Baseline Conditions Report. For purposes of this Section 9, the terms "pave", "paved", or "paving" shall include any impermeable covering of the soil surface, including, but not limited to, concrete and asphalt. To the extent reasonably necessary, Grantor may apply a reasonable amount of natural-appearing materials compatible with the surrounding native landscape, to provide an all-weather surface for roads in the West Side Junge Easement Area, and such all-weather surfacing shall not be considered paving. With Grantee's prior concurrence, Grantor may construct such new roads as are reasonably necessary to provide access to the Public Access Facilities authorized by Subsection 5(c), above; *provided*, that each such road shall be sited to minimize its visibility from State Route 1 and constructed to avoid any significant topographic change. New roads shall be unpaved and surfaced with natural-appearing materials compatible with the surrounding native landscape. No public parking shall be allowed along any road. This section shall not preclude temporary access by Grantee (with prior consent from Grantor) for Highway 1 maintenance purposes.

10. **Storage/Disposal.** Permanent storing, dumping, or otherwise disposing of non-compostable refuse or trash is prohibited. The release, storage, or disposal of any Hazardous Substance (as defined in Section 20 hereof) on or within the West Side Junge Easement Area is prohibited, except that herbicides, pesticides and other biocides utilized on the West Side Junge Easement Area in accordance with Section 20 hereof, and incidental amounts of gasoline and diesel fuel utilized in the authorized agricultural operations may be stored on the West Side Junge Easement Area; *provided* that all such utilization and storage shall be in compliance with applicable health, safety, and Environmental Laws (as defined in Section 20 hereof). Grantor shall promptly

provide Grantee with a copy of any written notice received by Grantor from any governmental agency, or service of process by any other third-party, of any regulatory or judicial action based on asserted non-compliance with any such applicable legal requirement or based on any release or disposal of any Hazardous Substance within the West Side Junge Easement Area. This provision shall not affect Grantor's right to temporarily store materials for periods less than one hundred eighty (180) days; *provided*, that any such storage is in compliance with all applicable laws and regulations; *and provided, further*, that such storage shall not be allowed to impair Conservation Values.

11. **Water Rights.** Grantor shall retain, maintain and preserve the right to develop and use all water and water rights associated with the West Side Junge Easement Area; *provided*, that no use of such water and water rights shall be allowed to impair Conservation Values. Grantor represents that there is water sufficient to sustain present and future agricultural productivity, other retained rights and Conservation Values. Grantor shall not utilize, or authorize others to utilize, water from the West Side Junge Easement Area outside the West Side Junge Easement Area. Parties agree that the water rights as described in this Section 11 are rights appurtenant to fee title ownership of the West Side Junge Easement Area and shall pass to any successor fee title owner of the West Side Junge Easement Area.

12. **Rights Retained by Grantor.** Except as expressly restricted or extinguished by the terms and conditions of this Conservation Easement, Grantor retains all ownership rights in the West Side Junge Easement Area and retains the right to perform any act not prohibited or limited by this Conservation Easement. Grantor's retained rights include, but are not limited to: (a) the right to exclude any member of the public from trespassing on the West Side Junge Easement Area, subject to the public access provisions of this Conservation Easement; (b) the right to sell, encumber, or otherwise transfer the West Side Junge Easement Area, subject to the restrictions on subdivision set forth in Section 6, above, to anyone Grantor chooses; (c) the right to defend against actions of eminent domain; (d) the right to grant easements and other third-party authorizations for (i) the facilities and uses authorized in Section 3 and Section 5 above; and (ii) roads authorized pursuant to Section 9 above; and (e) the right to grant additional conservation easement rights over the West Side Junge Easement Area, including rights of public access; *provided*, that (i) such additional conservation easement rights shall not conflict with any of Grantee's rights under this Conservation Easement; (ii) such additional conservation rights shall not allow any uses of the West Side Junge Easement Area that will impair Conservation Values; (iii) Grantee shall be notified in writing at least ninety (90) days in advance of any proposed new grant of conservation easement over any portion of the West Side Junge Easement Area, which notice shall include the proposed grant of conservation easement; and (iv) no new grant of conservation easement shall result in Grantee's having to bear any additional obligation or cost under this Conservation Easement. Grantor retains the obligation to assure that all authorized third-party users of the West Side Junge Easement Area are in compliance with this Conservation Easement.

All future public access and public access facilities established on land which is subject to this Conservation Easement shall be deemed by Grantor and Grantor's successors and assigns to be jointly planned by public agencies with jurisdiction over such access and facilities pursuant to the provisions of section 4f of the Federal Department of Transportation Act (codified at 49 United States Code section 303(c)) taking into account all existing transportation facilities. Said joint planning recognizes and includes any needed future realignment of such existing transportation facilities. Said joint planning also recognizes and includes any needed temporary or permanent relocation and temporary closure of said public access and public access facilities.

13. **Responsibilities of Grantor and Grantee Not Affected.** Other than as specified herein, this Conservation Easement is not intended to impose any legal or other responsibility on the Grantee, or in any way to affect any existing obligation of the Grantor as owner of the West Side Junge Easement Area. Among other things, this shall apply to:

(a) **Taxes.** Grantor shall pay before delinquency all taxes, assessments, fees and charges of whatever description levied on or assessed against the West Side Junge Easement Area, including all improvements thereon, by competent authority, and Grantor shall promptly reimburse Grantee for any tax or assessment on the Conservation Easement that Grantee is required to pay; *provided*, that the preceding provisions shall be interpreted to not obligate Grantor to pay any capital gains tax owed by Grantee as a result of a voluntary or involuntary transfer by Grantee of its interests under this Conservation Easement.

(b) **Upkeep and Maintenance.** Grantee shall have no obligation for the upkeep or maintenance of the West Side Junge Easement Area unless Grantor and Grantee mutually agree on cooperative programs and cost sharing for specific projects.

(c) **Liability and Indemnification.**

(i) Grantor shall and hereby agrees to hold harmless, indemnify, protect, and defend Grantee, its officers, directors, members, employees, contractors, legal representatives, agents, successors and assigns and each of them (collectively "Grantee Indemnified Parties") from and against all liabilities, penalties, costs, losses, orders, liens, damages, expenses, causes of action, claims, demands, or judgments, including without limitation reasonable attorneys' and experts' fees, arising from or in any way connected with: (A) any injury to or the death of any person, or physical damage to any property, resulting from any act, omission, condition or other matter related to or occurring on or about the West Side Junge Easement Area, regardless of cause, except to the extent caused by the negligence or willful misconduct of any of the Grantee Indemnified Parties; (B) a violation of, or other failure to comply with, any state, federal or local law, regulation or requirement, by Grantor, or any party other than one of the Grantee Indemnified Parties acting upon permission from Grantor, in any way affecting, involving or relating to the West Side Junge Easement Area, except to the extent caused by the negligence or willful conduct of any of the Grantee

Indemnified Parties; or (C) the breach by Grantor of any of its obligations set forth in this Conservation Easement.

(ii) Grantee shall hold harmless, indemnify, and defend Grantor and its officers, directors, employees, contractors, legal representatives, agents, heirs, personal representatives, successors and assigns, and each of them (collectively "Grantor Indemnified Parties") from and against all liabilities, penalties, costs, losses, damages, expenses, causes of action, claims demands, or judgments, including without limitation, reasonable attorneys' and experts' fees, arising from or in any way connected with any injury to or the death of any person, or physical damages to any property, resulting from any act, omission, condition, or other matter related to or occurring on or about the West Side Junge Easement Area to the extent caused by the negligence or willful misconduct of Grantee Indemnified Parties.

(d) Insurance.

(i) Grantor shall maintain a comprehensive general liability policy insuring against bodily injury and property damage on the West Side Junge Easement Area in the amount of not less than five million dollars (\$5,000,000), which amount shall be adjusted every five (5) years to reflect the percentage increase during the past five (5) years in the CPI (as defined below); *provided*, Grantor may self insure to the extent reasonably approved by Grantee. The Department of Parks and Recreation, State of California, is pre-approved by Grantee as self insured, upon transfer of fee title to the West Side Junge Easement Area by the original Grantor. For purposes of this Conservation Easement, the "CPI" means the United States Department of Labor's Bureau of Labor Statistics = San Francisco-Oakland-San Jose Area Consumer Price Index for all Urban Consumers (CPI-U, all items) (1982-84=100), or the successor of such index. Grantee shall be named an additional insured on the policy. The liability insurance shall apply as primary insurance with respect to any other insurance or self-insurance programs afforded to Grantee. Grantor waives all rights of subrogation against Grantee and its agents, representatives, officers, directors and employees for recovery of damages to the extent these damages are covered by insurance maintained pursuant to this Conservation Easement. Grantor shall furnish Grantee with certificate(s) of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above. Such certificates shall provide for thirty (30) days written notice to Grantee prior to the cancellation or material change of any insurance referred to herein. Any failure of Grantee to demand such certificate or other evidence of full compliance with these insurance requirements or failure of Grantor to identify a deficiency from evidence that is provided shall not be construed as a waiver of Grantor's obligation to maintain such insurance. The foregoing insurance requirements do not replace, waive, alter or limit the hold harmless or indemnification provisions of this Conservation Easement.

(ii) Grantee shall maintain a comprehensive general liability policy insuring against bodily injury and property damage on the West Side Junge Easement Area in the amount of not less than five million dollars (\$5,000,000), which

amount shall be adjusted every five (5) years to reflect the percentage increase during the past five (5) years in the CPI; *provided*, Grantee may self insure to the extent reasonably approved by Grantor. The California Department of Transportation, as the successor Grantee, is pre-approved by Grantor as self insured. Grantor shall be named as an additional insured on the policy. The liability insurance shall apply as primary insurance with respect to any other insurance or self-insurance programs afforded to Grantor. Grantee waives all rights of subrogation against Grantor and its agents, representatives, officers, directors and employees for recovery of damages to the extent these damages are covered by insurance maintained pursuant to this Conservation Easement. Grantee shall furnish Grantor with certificate(s) of insurance, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above. Such certificates shall provide for thirty (30) days written notice to Grantor prior to the cancellation or material change of any insurance referred to herein. Any failure of Grantor to demand such certificate or other evidence of full compliance with these insurance requirements or failure of Grantor to identify a deficiency from evidence that is provided shall not be construed as a waiver of Grantee's obligation to maintain such insurance. The foregoing insurance requirements do not replace, waive, alter or limit the hold harmless or indemnification provisions of this Conservation Easement.

14. West Side Junge Easement Area Management and Issue Resolution.

(a) Right of Entry. Officers, directors and employees of Grantee, and Grantee's contractors approved by Grantor in Grantor's sole discretion ("Authorized Monitors") shall have the right to enter at least annually with two (2) week's advance notice onto the West Side Junge Easement Area for purposes of monitoring compliance with the terms of this Conservation Easement. Entry onto the West Side Junge Easement Area shall be by no more than four (2) Authorized Monitors for no more than three (3) days each, four (4) times per year. When Grantee has provided notice to Grantor of a circumstance that Grantee considers to be a bona-fide violation of the Conservation Easement, entry by such Authorized Monitors for up to an additional three (3) days is allowed with two (2) weeks advance written notice. Any additional entry shall require advance written permission by Grantor. Grantee's monitoring and access activities shall not interfere with normal operations on the West Side Junge Easement Area.

(b) Issue Resolution. If either Party to this Conservation Easement (the "Non-Defaulting Party") determines that the other Party (the "Defaulting Party") is in violation of any term of this Conservation Easement or that a violation is threatened, the Non-Defaulting Party shall deliver written notice to the Defaulting Party of such violation. Not later than fourteen (14) days after the delivery of such written notice, the Parties shall meet on site with an agreed upon expert ("Consulting Expert") to discuss the circumstances of the asserted violation and to attempt to agree on appropriate corrective action. The Parties shall share equally the costs of retaining the services of the agreed upon Consulting Expert for such discussion; *provided*, if the Parties are unable to agree on the selection of a Consulting Expert, each Party may retain the

services of an expert at its own expense. If the Parties are unable to agree on appropriate corrective action, the Non-Defaulting Party shall deliver a further written notice to the Defaulting Party to demand particular corrective action to cure the violation. The Defaulting Party shall cure the violation within thirty (30) days after receipt of such further notice, or under circumstances where the violation cannot reasonably be cured within such thirty (30) day period, shall commence curing such violation as soon as possible within such thirty (30) day period and shall continue diligently to cure such violation until finally cured.

(c) Judicial Enforcement. If the Defaulting Party fails to cure the violation within thirty (30) days after receipt of the further notice from the Non-Defaulting Party, or under circumstances where the violation cannot reasonably be cured within a thirty (30) day period, fails to begin curing such violation within the thirty (30) day period, or fails to continue diligently to cure such violation until finally cured, the Non-Defaulting Party may bring an action at law or in equity in a court of competent jurisdiction to enforce the terms of this Conservation Easement.

(d) Expert Assistance. The opinions of any Consulting Expert jointly engaged to assist the Parties in the resolution of any claim of injury to Conservation Values, shall be admissible in any judicial proceedings conducted with respect to that asserted violation.

(e) Immediate Relief. Notwithstanding any of the foregoing, if at any time an ongoing or imminent violation of the terms of this Conservation Easement could impair Conservation Values of the West Side Junge Easement Area and there is a showing that irreparable harm would result if Grantee were required to first complete the issue resolution process set forth in Subsections 14(b) and (c), above, Grantee may proceed immediately to seek an injunction to stop the violation, temporarily or permanently. Injunctive relief or other judicial relief will not be allowed to interfere with the rights of Grantor reserved in this Conservation Easement.

(f) Alternative and Cumulative Remedies. The remedies described in this Section 14 shall be cumulative and shall be in addition to all remedies now or hereafter existing at law or in equity. Furthermore, the provisions of California Civil Code Section 815, et seq., are incorporated herein by this reference and this Conservation Easement is made subject to all of the rights and remedies set forth therein. The prevailing Party shall be entitled to recover its costs incurred in any such enforcement effort, including reasonable attorneys', consultants' and experts' fees and costs. Notwithstanding the foregoing, to the maximum extent allowed by law, the issue resolution process provided for in Subsections 14(a) – (e), above, shall be followed.

15. **Forbearance No Waiver.** Forbearance by the Grantee or Grantor to exercise its respective rights under this Conservation Easement shall not be construed to be a waiver by the Grantee or Grantor of such term or of any subsequent breach of the same or any other term of this Conservation Easement. No delay or omission in the

exercise of any right or remedy by Grantor or Grantee shall impair such right or remedy or be construed as a waiver.

16. **Grantee Transfer of Easement.** Grantor acknowledges and agrees that, as set forth in Recital G above, immediately following the original grant of this Conservation Easement, the original Grantee (American Land Conservancy) shall assign all of its interest, rights and obligations under this Conservation Easement to the California Department of Transportation. Grantor further acknowledges and agrees that: (i) the provisions of Sections 16(a) through (d) below shall not apply to such initial assignment of this Conservation Easement to the California Department of Transportation, but shall be applicable to any subsequent assignment by the California Department of Transportation of any interest, rights and/or obligations under this Conservation Easement; and (ii) for purposes of Sections 16(a) through (d) below, the term "Grantee" shall mean the California Department of Transportation, as the successor Grantee under this Conservation Easement.

(a) Grantee may assign its interest, rights and obligations under this Conservation Easement only to an entity that is: (i) qualified to hold a conservation easement under Section 815.3 of the California Civil Code; (ii) a "qualified organization" as defined in Section 170(h)(3) of the U.S. Internal Revenue Code, 26 U.S.C. 170(h)(3); (iii) willing and financially able to assume all of the responsibilities imposed on Grantee under this Conservation Easement; and (iv) willing to uphold the Conservation Purpose. In the event that Grantee decides to assign its interest, rights and obligations under this Conservation Easement, it shall first offer such assignment to American Land Conservancy, a California non-profit public benefit corporation ("ALC"); *provided*, that at the time of such offer ALC meets each of the foregoing four qualification criteria; *provided, further*, that, not later than ninety (90) days after Grantee provides written notice to ALC of its offer of assignment, ALC shall respond with written notice to Grantee as to ALC's willingness to accept the assignment. ALC's failure to provide timely notice of its willingness to accept the assignment shall be deemed a rejection of the offered assignment. The respective written notices of Grantee and ALC shall be provided in accordance with the requirements of Section 24, below. In the event that ALC is unwilling or unqualified to accept such assignment, Grantee next shall offer assignment of its interest to California Rangeland Trust, a California non-profit public benefit corporation ("CRT"); *provided*, that, at the time of such offer, CRT meets each of the foregoing four qualification criteria; *provided, further*, that, not later than ninety (90) days after Grantee provides written notice to CRT of its offer of assignment, CRT shall respond with written notice to Grantee as to CRT's willingness to accept the assignment. CRT's failure to provide timely notice of its willingness to accept the assignment shall be deemed a rejection of the offered assignment. The respective written notices of Grantee and CRT shall be provided in accordance with the requirements of Section 24, below. In the events that neither ALC nor CRT is qualified or willing to take assignment of Grantee's interest under the Conservation Easement, then Grantor shall have one hundred eighty (180) days following Grantee's notice to Grantor of such events within which to designate an assignee that meets each of the foregoing four qualification criteria. If Grantor is unable or chooses not to designate an

assignee within such period, Grantee may proceed to assign all, but not less than all, of its interest, rights and obligations under this Conservation Easement to any entity that meets all of the foregoing designation criteria. Notwithstanding anything in this Subsection 16(a) to the contrary, this Conservation Easement shall not be transferred by Grantee to any governmental entity or public agency without the consent of the Grantor, which consent shall be in Grantor's sole discretion.

(b) If Grantee ever ceases to exist or no longer qualifies to hold this Conservation Easement under Section 170(h) of the U.S. Internal Revenue Code, or applicable state law, Grantor shall petition a court of competent jurisdiction to transfer this Conservation Easement to an organization that meets each of the four qualification criteria specified in Subsection 16(a). The Parties intend that, in the selection of a transferee entity, preference be given to a qualified private non-profit organization of Grantor's choosing with the requisite experience in preserving and protecting the Conservation Values.

(c) If the interest granted under this Conservation Easement is ever deemed by Grantor, Grantee or a court of competent jurisdiction to be merged into the fee interest in any portion of the West Side Junge Easement Area, then the fee owner of such portion of the West Side Junge Easement Area shall thereupon be obligated to grant to a qualified holder, in accordance with the qualification requirements and preferences expressed in Subsection 16(a) above, a replacement grant of conservation easement in form and substance identical to this Conservation Easement.

(d) Grantor and Grantee acknowledge and agree that ALC and CRT are third party beneficiaries of the provisions of this Section 16.

17. **Grantor Transfer of the West Side Junge Easement Area.**

(a) Notification. Any time the West Side Junge Easement Area, or any portion thereof, or any interest in any portion thereof, is transferred by Grantor to any third party, the Grantor shall notify the Grantee in writing prior to the transfer, and the deed of conveyance or other transfer instrument shall expressly refer to this Conservation Easement. Failure to notify Grantee or include the required reference to this Conservation Easement in the deed or other transfer instrument shall not affect the continuing validity and enforceability of this Conservation Easement.

(b) Transfer Fee. A transfer of the West Side Junge Easement Area or any portion thereof will result in an additional burden on the monitoring and enforcement responsibilities of Grantee; therefore, in connection with any sale or other transfer of the West Side Junge Easement Area, or any portion thereof or interest therein (other than a transfer 1) to a public agency or private non-profit land trust; or 2) solely to change the method of holding title by the same party or parties, including but not limited to any affiliate of The Hearst Corporation, or otherwise exempt from a transfer fee as described below) there shall be paid to Grantee by the purchaser or transferee a transfer fee. The amount of the transfer fee shall be equal to .2% of the Land Value, as defined below, of

the property transferred. "Land Value" shall be the value established by the San Luis Obispo County Assessor on the date of transfer for the land (not improvements). No transfer fee will be assessed if 1) the transfer is not considered by the San Luis Obispo County Assessor as a change of ownership for property tax assessment purposes, or 2) the transfer occurs while California Department of Transportation is the holder of this Conservation Easement.

18. **Amendment of Easement.** This Conservation Easement may be amended only with the written consent of Grantee and Grantor. Any such amendment shall be consistent with the purposes of this Conservation Easement and shall comply with Section 170(h) of the U.S. Internal Revenue Code, California Civil Code Section 815, et seq., and any regulations promulgated in accordance with those statutory provisions. Any such amendment shall also be consistent with California law governing conservation easements and shall not affect the perpetual duration of this Conservation Easement. All amendments shall refer to this Conservation Easement and shall be recorded in the Official Records of San Luis Obispo County.

19. **Grantor's Title Warranty; No Prior Conservation Easements.** Grantor represents and warrants that Grantor has good fee simple title to the West Side Junge Easement Area, free from any and all liens or encumbrances except those liens and encumbrances shown in the preliminary title report provided to Grantee or otherwise disclosed to Grantee prior to recordation of this Conservation Easement. Grantor represents and warrants that the West Side Junge Easement Area is not subject to any other conservation easement.

20. **Environmental Provisions.**

(a) Grantee Not an Owner, Operator, Or Responsible Party.

(i) Notwithstanding any other provision herein to the contrary, the Parties do not intend this Conservation Easement to be construed such that it creates in or gives the Grantee:

(A) the obligations or liability of an "owner" or "operator" as those words are defined and used in Environmental Laws, as defined below, including, without limitation, the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 USC §§ 9601 et seq. and hereinafter "CERCLA");

(B) the obligations or liability of a person described in 42 USC § 9607(a)(3) or (4);

(C) the obligations of a responsible person under any applicable Environmental Laws, as defined below;

(D) the right to investigate and remediate any Hazardous Substances, as defined below, associated with the West Side Junge Easement Area; or

(E) any control over Grantor's ability to investigate, remove, remediate, or otherwise clean up any Hazardous Substances associated with the West Side Junge Easement Area.

(b) Environmental Liabilities and Indemnification. Grantor and Grantor's successors in interest shall indemnify, protect and defend with counsel acceptable to Grantee, and hold harmless the Grantee Indemnified Parties from and against any claims (including, without limitation, third party claims for personal injury or death, damage to property, or diminution in the value of property), actions, administrative proceedings (including informal proceedings), judgments, damages, punitive damages, penalties, fines, costs, liabilities (including sums paid in settlements of claims), remedial action, compliance requirements, enforcement and clean-up actions of any kind, interest or losses, attorneys' fees (including any fees and expenses incurred in enforcing this indemnity), consultant fees, and expert fees that arise directly or indirectly from or in connection with: (i) the claimed presence or Release (as defined below) of any Hazardous Substance, affecting the air, soil, surface water or groundwater of or at the West Side Junge Easement Area; (ii) any violation or alleged violation of Environmental Law (as defined below) affecting the West Side Junge Easement Area, whether occurring prior to or during Grantor's ownership of the West Side Junge Easement Area and whether caused or permitted by Grantor or any person other than Grantor; or (iii) any claim or defense by Grantor or any third party that any of the Grantee Indemnified Parties is liable as an "owner" or "operator" of the West Side Junge Easement Area under any Environmental Law. The foregoing indemnity obligations shall not apply with respect to any Hazardous Substance released or deposited as a result of action by the Grantee Indemnified Parties on or about the West Side Junge Easement Area. The indemnity obligations of any successor in interest of Grantor pursuant to this Subsection 20(b) shall be limited to the portion of the West Side Junge Easement Area to which the successor takes title. Notwithstanding any statutory limitation otherwise applicable, the indemnity obligations of Grantor to the Grantee Indemnified Parties pursuant to this Subsection 20(b) shall continue after transfer to a successor in interest unless a written request for consent to assignment of such indemnity obligations to a successor in interest is approved by Grantee. In considering any such request, Grantee may take into account the financial capabilities of the successor in interest, without regard to any third party financial assurances. Grantee's consent to such assignment may be withheld only if there is a commercially reasonable basis for such withholding.

(c) Definitions.

(i) The term "Environmental Law" shall include, but shall not be limited to, each statute named or referred to below, and all rules and regulations there under, and any other local, state and/or federal laws, ordinances, rules, regulations, orders and decrees, whether currently in existence or hereafter enacted, or common

law, which govern (A) the existence, cleanup and/or remedy of contamination or pollution on property; (B) the protection of the environment from soil, air or water contamination or pollution, or from spilled, deposited or otherwise emplaced contamination or pollution; (C) the emission or discharge of Hazardous Substances into the environment; (D) the control of Hazardous Substances; or (E) the use, generation, transport, treatment, removal or recovery of Hazardous Substances.

(ii) The term "Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping or disposing of any Hazardous Substance into the environment (including, without limitation, the continuing migration of Hazardous Substances into, onto or through the soil, surface water, or groundwater, and the abandonment or discarding of barrels, containers, and other receptacles containing any Hazardous Substance), whether or not caused by, contributed to, permitted by, acquiesced to or known to Grantor.

(iii) The term "Hazardous Substance" shall mean (A) any oil, flammable substance, explosives, radioactive materials, hazardous wastes or substances, toxic wastes or substances or any other wastes, materials or pollutants which (i) pose a hazard to the West Side Junge Easement Area or to persons on or about the West Side Junge Easement Area or (ii) cause the West Side Junge Easement Area to be in violation of any Environmental Law; (B) asbestos in any form which is or could become friable, urea formaldehyde foam insulation, transformers or other equipment which contain dielectric fluid containing levels of polychlorinated biphenyls, and radon gas; (C) any chemical, material or substance defined as or included in the definition of "hazardous substances," "hazardous wastes," "hazardous materials," "extremely hazardous waste," "restricted hazardous waste," "toxic substances," or words of similar import under any applicable local, state or federal law or under the regulations adopted or publications promulgated pursuant thereto, including CERCLA, 42 USC section 9601, et seq.; the Resource Conservation and Recovery Act ("RCRA"), 42 USC section 6901, et seq.; the Hazardous Materials Transportation Act, 49 USC section 1801, et seq.; the Federal Water Pollution Control Act, 33 USC section 1251, et seq.; the California Hazardous Waste Control Law ("HWCL"), Cal. Health & Safety section 25100, et seq., Hazardous Substance Account Act ("HSAA"), Cal. Health & Safety Code section 25300, et seq., the Porter-Cologne Water Quality Control Act (the "Porter-Cologne Act"), Cal. Water Code section 13000, et seq., the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65); Title 22 of the California Code of Regulations, Division 4, Chapter 30; (D) any other chemical, material or substance, exposure to which is prohibited, limited or regulated by any governmental authority or may or could pose a hazard to the health and safety of the occupants of the West Side Junge Easement Area or the owners and/or occupants of property adjacent to or surrounding the West Side Junge Easement Area, or any other person coming upon the West Side Junge Easement Area or adjacent property; and (E) any other chemical, materials or substance which may or could pose a hazard to the environment.

21. **Interpretation.** This Conservation Easement shall be interpreted under the laws of the State of California, resolving any ambiguities and questions of the validity of specific provisions so as to give maximum effect to its conservation purposes.

If any provision of this Conservation Easement, or the application thereof to any person or circumstances, is found to be invalid, the remainder of the provisions of this Conservation Easement, or the application of such provisions to persons or circumstances other than those as to which it is found to be invalid, as the case may be, shall not be affected.

22. **Captions.** The captions in this Conservation Easement have been inserted solely for convenience of reference and are not a part of this Conservation Easement and shall have no effect upon construction or interpretation.

23. **Covenants Running with the Land; Perpetual Duration.** The easement created by this Conservation Easement shall constitute an Easement in Gross and shall be a servitude running with the land in perpetuity, in accordance with California Civil Code Section 815.2. This Conservation Easement shall also constitute covenants running with the land appurtenant to, and for the benefit of, and enforceable by the owner(s) of, the Adjacent Property in accordance with California Civil Code Section 1468. No amendment, modification, extinguishment or termination of this Conservation Easement by Grantor or Grantee shall affect the rights of the owner(s) of the Adjacent Property hereunder without such owner's prior written consent (which may be granted or withheld in such owner's sole and absolute discretion). Every provision of this Conservation Easement that applies to Grantor and Grantee and to the owner(s) of the Adjacent Property shall also apply to and be binding upon and inure to the benefit of their respective agents, heirs, executors, administrators, successors and assigns.

24. **Notices.** Any notice, demand, request, consent, approval or communication that either Party desires or is required to give to the other shall be in writing and either served personally or sent by United States certified mail, return receipt requested, addressed as follows or such other address as either Party from time to time shall designate by written notice to the other.

To GRANTOR:

TO SUCCESSOR GRANTEE: District Director
California Department of Transportation
District 5
50 Higuera Street
San Luis Obispo, CA 93401-5415

25. **Condemnation.** If all or any part of the West Side Junge Easement Area is taken by exercise of the power of eminent domain, or acquired by purchase in lieu of condemnation, so as to terminate this Conservation Easement in whole or in part, Grantor and Grantee shall act jointly to recover the full value of their respective interests in the West Side Junge Easement Area so taken or purchased, and all direct or incidental damages resulting therefrom. If only a portion of the West Side Junge Easement Area is subject to such exercise of eminent domain, this Conservation Easement shall remain in effect as to all other portions of the West Side Junge Easement Area.

26. **Extinguishment.** If circumstances arise in the future that render the purpose of this Conservation Easement impossible to accomplish, this Conservation Easement can only be terminated or extinguished, whether in whole or in part, by judicial proceedings in a court of competent jurisdiction, and the amount of the compensation to which Grantee shall be entitled from any sale, exchange, or involuntary conversion of all or any portion of the West Side Junge Easement Area subsequent to such termination or extinguishment, shall be determined, unless otherwise provided by applicable Federal or California law at the time, in accordance with Section 27, Valuation. Grantee shall use any proceeds received under the circumstances described in this paragraph in a manner consistent with the Conservation Purpose of this Conservation Easement.

27. **Valuation.** This Conservation Easement constitutes a real property interest immediately vested in Grantee. For the purpose of Section 26, Extinguishment, the Parties stipulate that this Conservation Easement has a fair market value determined by multiplying (a) the fair market value of the West Side Junge Easement Area unencumbered by the Conservation Easement (minus any increase in value attributable to improvements made after the date of this Conservation Easement) by (b) the ratio of the value of the Conservation Easement to the value of the West Side Junge Easement Area, unencumbered by the Conservation Easement, as of the Effective Date. The values as of the Effective Date shall be those values used to calculate the deduction for federal income tax purposes allowable by reason of this Conservation Easement pursuant to Section 170(h) of the Internal Revenue Code of 1986, as amended. For the purposes of this paragraph, the ratio of the value of the Conservation Easement to the value of the West Side Junge Easement Area unencumbered by the Conservation Easement shall remain constant.

28. **Laws Currently in Effect.** All references in this Conservation Easement to statutes, regulations and other laws shall be deemed to refer to those statutes,

regulations and laws currently in effect, or as amended (or any successor provision then applicable).

29. **Entire Agreement.** This Conservation Easement sets forth the entire agreement of the Parties with respect to the West Side Junge Easement Area and supersedes all prior discussions, negotiations, understandings or agreements relating to the West Side Junge Easement Area, all of which are herein merged.

30. **Counterparts.** The Parties may execute this Conservation Easement in two or more counterparts, which shall, in the aggregate, be signed by both Parties; each counterpart shall be deemed an original instrument as against any Party who has signed it. The parties authorize each other to detach and combine, or cause to be detached and combined, original signature pages and consolidate them into a single identical original for recordation of this Conservation Easement in the Official Records of San Luis Obispo County, California.

31. **Attorneys' Fees.** Should proceedings be brought to enforce or interpret any of the terms of this Conservation Easement, the prevailing Party in any such proceedings shall be entitled to recover from the non-prevailing Party its costs, including reasonable attorneys' and experts' fees.

32. **Permission.** Whenever permission, consent or approval ("permission") is required pursuant to this Conservation Easement, such permission shall be obtained in advance and in writing signed by the Party from whom permission is to be obtained. Whether permission should be granted or denied shall be determined based upon the purposes of this Conservation Easement, and shall not be unreasonably withheld, unless consent or permission is specified in the Conservation Easement as being within the sole discretion of a Party.

33. **Exhibits.** The exhibits attached hereto are incorporated herein by this reference:

EXHIBIT "B"
ADJACENT PROPERTY LEGAL DESCRIPTION

PARCEL 1: (Certificate of Compliance 2001-067946)

Government Lot 2 of Section 3, Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 2: (Certificate of Compliance 2001-067947)

Government Lots 2, 3 and 4 of Section 2; and Government Lot 1 of Section 3, Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 3: (Certificate of Compliance 2001-067948)

The Northwest Quarter of the Southeast Quarter, the Southwest Quarter of the Northeast Quarter, and the South half of the Northwest Quarter of Section 2 , Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 4: (Certificate of Compliance 2001-067949)

The East half of the Southwest Quarter of Section 2, Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 5: (Certificate of Compliance 2001-067950)

The West half of the Northwest Quarter of Section 11; and the West half of the Southwest Quarter of Section 2, all in Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 6: (Certificate of Compliance 2001-067951)

The South half of the Southeast Quarter of Section 2; and the Northwest Quarter of the Northeast Quarter, and the Northeast Quarter of the Northwest Quarter of Section 11, all in Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 7: (Certificate of Compliance 2001-067952)

The Southeast Quarter of the Northwest Quarter of Section 11, Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 8: (Certificate of Compliance 2001-067953)

The Southwest Quarter of the Northeast Quarter of Section 11, Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 9: (Certificate of Compliance 2001-067954)

The East half of the Northeast Quarter of Section 11; and the Southwest Quarter of the Northwest Quarter, and the Northwest Quarter of the Southwest Quarter of Section 12, all in Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

PARCEL 10: (Certificate of Compliance 2001-067955)

The Northeast Quarter of the Southeast Quarter of Section 11, Township 25 South, Range 6 East, Mount Diablo Base and Meridian, in the County of San Luis Obispo, State of California, according to the Official Plat of the Survey of said Land, returned to the General Land Office by the Surveyor General.

That portion of Lots 5 and 6 lying Southerly of the road as said road existed March 2, 1942.

PARCEL P.B.-1 (Certificate of Compliance 2001-098846)

A portion of the Rancho Piedra Blanca granted by the Mexican Nation to Jose de Jesus Pico on the 18th day of January, 1840 and finally confirmed to said Pico by decree of the District Court of the United States of the Southern District of California 25th September 1855, and as per Patent from the United States to Jose de Jesus Pico recorded February 20, 1878 in Book B of Patents at Page 30 in the County Recorders Office of San Luis Obispo County, State of California described as follows:

Commencing at a post marked "P.B. No. 6" being corner No. 6 per the official Survey of the Rancho Piedra Blanca made by Luis Castro United States Deputy Surveyor, said post being corner number one, and running thence South $51\frac{1}{4}^{\circ}$ East with the Northerly boundary line of said Rancho 111.18 chains (7337.88 feet) to a post in mound of stone on top of ridge marked "P.B. No. 7" and "P.R. No. 2"; thence South 52° East 133.41 chains (8805.06 feet) to post in mound of stone on top of ridge marked "P.B. No. 8" and "P.R. No. 3"; thence South 59° East 76.80 chains (5068.80 feet) to a post on the Northerly boundary of said Rancho, and Station designated as "P.R. No. 4"; thence leaving said boundary line and running South $47\frac{1}{2}^{\circ}$ West (a distance of 40.50 chains (or 2673 feet per the map filed in Book B of Maps at Page 56 records of said county) to a point in the center of what is known as Burnette Creek, and continuing down said creek Southwesterly to a Sycamore tree three feet in diameter at the junction of said Burnette Creek with a creek coming from the Northwest, and about six chains (396 feet) Southwest from a house erected by Juan Castro marked said Sycamore "P.R. No. 5"; thence North $73\frac{1}{2}^{\circ}$ West striking the Southern margin of a small valley 9.00 chains (594.00 feet) to a Sycamore tree fourteen inches in diameter in a ravine or Arroyo coming from the South marked "P.R. NO. 6"; thence following the center of said Arroyo or ravine in a Southerly direction (South $37\frac{1}{4}^{\circ}$ West 49.30 chains (or 3253.8 feet and South $62\frac{1}{4}^{\circ}$ West 48.00 chains or 3168 feet per said map filed in Book B of Maps at Page 56) to the source of the same and to a post marked "P.R. No. 7" on the summit of a chamisal peak and high ridge; thence North 60° West per the deed recorded in Book O of Deeds at Page 343, records of said county (the same being shown as North 46° West per said map recorded in Book B of Maps at Page 56) 146.50 chains (9669.00 feet) to the Westerly boundary line of the Piedra Blanca Rancho, or summit of a high ridge, set post marked "P.R. No, 8" from which a white oak 14 inches in diameter North 80° West 26 links (17.16 feet) distant; thence following the West boundary of said Rancho North $7\frac{1}{4}^{\circ}$ East 45.50 chains (3003.00 feet) to post "P.B. No. 5" marked post "P.R. No. 9"; thence North 7° West 240.40 chains (15,866.40 feet) per said deed recorded in Book O of Deeds at Page 343 (North 7° West 204.40 chains or 13,490.4 feet per said map filed in Book B of Maps at Page 56) to the place of beginning. The same being a part of the Rancho Piedra Blanca and containing 4432.11 acres and being the same tract conveyed by Juan Castro to C.H. Phillips by deed dated
